**DTF PRINTING SOLUTION FOR
EVERYONE**

MADE IN EU

PRONTO™

NEWEST ADDITION TO AZON DESKTOP SERIES

AZON PRONTO™

The superior solution in the small DTF category – **awarded Best Small DTF Printer Globally 2025 by Keypoint Intelligence**. Compact in its size, designed to meet the demands of the ever-growing small and medium business market.

CUSTOMER FEEDBACK

With over 30 years of printer production, we value every customer's feedback: we listen, we learn, and we improve. Azon PRONTO™ is developed in response to the emerging customer needs.

EASY TO USE

Azon PRONTO™ is designed for everyone in the printing industry – from beginners to skilled experts. With effortless setup and advanced RIP software, PRONTO™ lets anyone create stunning print results with minimal effort.

HIGH QUALITY INK

Azon DTF PRO inks are specially developed to ensure vivid colors and maximum durability on a wide range of fabrics (jeans, polyester, silk) and other materials (cardboard and plywood).

RELIABLE DTF SOLUTION

Every component in PRONTO™ is engineered for lasting performance, including high-precision timing parts, an on-demand print head, and durable ink systems. Its sturdy exterior further ensures long-term reliability in demanding environments. Designed and produced in the EU.

PRONTO™ GOAL

Our mission with Azon PRONTO™ is to bring the world of DTF printing within everyone's reach. Compact, affordable, and built to last, PRONTO™ is designed to maximize ROI in the shortest possible time while offering quick installation (video guide) and effortless use (video tutorial). With this smart little powerhouse, we deliver a reliable solution that ensures maximum customer satisfaction across the printing industry.

SUBSTRATE

PRINT AREA	29.7 x 112cm/ 11.69 x 44.09"
ACCEPTABLE MEDIA	29.7 x 112cm/ 11.69 x 44.09"
MATERIAL TYPE	HOT PEEL FILM

INK

TYPE	waterbased pigment inks
CURING	110 °C
COLORS	CMYK/WHITE
SUPPLY SYSTEM	500ml INK TANKS / White ink circulation (ACT)

OPERATIONAL ENVIRONMENT

TEMPERATURE	+15°C to 30°C / 59F-86F
HUMIDITY	35-65% RH (non-condensing)

POWER CONSUMPTION

PRINTING	20W
READY MODE	10W
SLEEP MODE	4W
POWER OFF	2W

**28kg /
61.72 lbs**

SOFTWARE

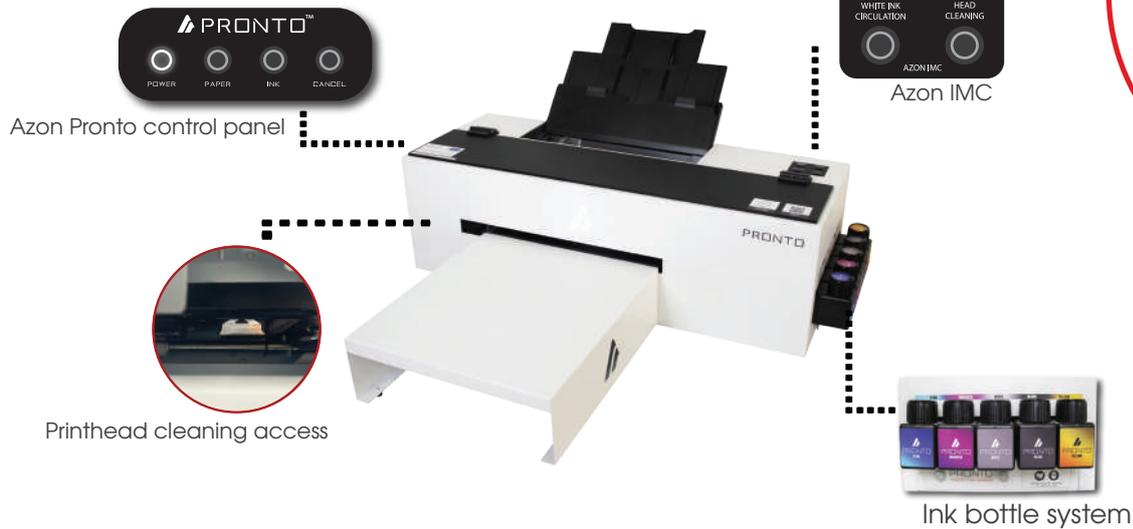

RIP: AZON RIP

CONNECTIVITY

USB

PRINT

PRINT TECHNOLOGY	Ink-jet (On-demand piezo)
DROP SIZE	Variable drop size 1.5-21 picolitre
PRINT RESOLUTION	720dpi, 1440dpi
SPEED (Maximum printable film coverage: 81%)	A3 Size 1440x720 8 min 28 sec 1440x1080 16 min 58 sec
CONSUMPTION (Maximum printable film coverage: 81%)	A3 Size white and color 1440x720 Powder: approximately 8 g Total Ink: 8.37 ml 1440x1080 Powder: approximately 9 g Total Ink: 13.85 ml
FILE USED FOR TESTING	

- A control panel is a centralized interface that allows users to monitor, adjust, and manage system functions, settings, or operations efficiency.
- IMC (Ink management control) ensures precise monitoring and regulation of ink usage for consistent print quality and optimized efficiency.
- Printhead cleaning access allows easy maintenance and ensures optimal printing performance with minimal downtime.
- The ink bottle system provides a simple and efficient way to refill and manage ink, reducing waste and ensuring continuous printing.

STARTER KIT

- | | |
|-------------------------------------|----------------------|
| ✓ CMYK + W 500 ml | ✓ 250 ml DTF cleaner |
| ✓ 450 gr/0.992 lb nano black powder | ✓ Power cable |
| ✓ 450 gr/0.992 lb nano white powder | ✗ Heat press |
| ✓ 100 pcs A3 sheets | ✗ USB cable |

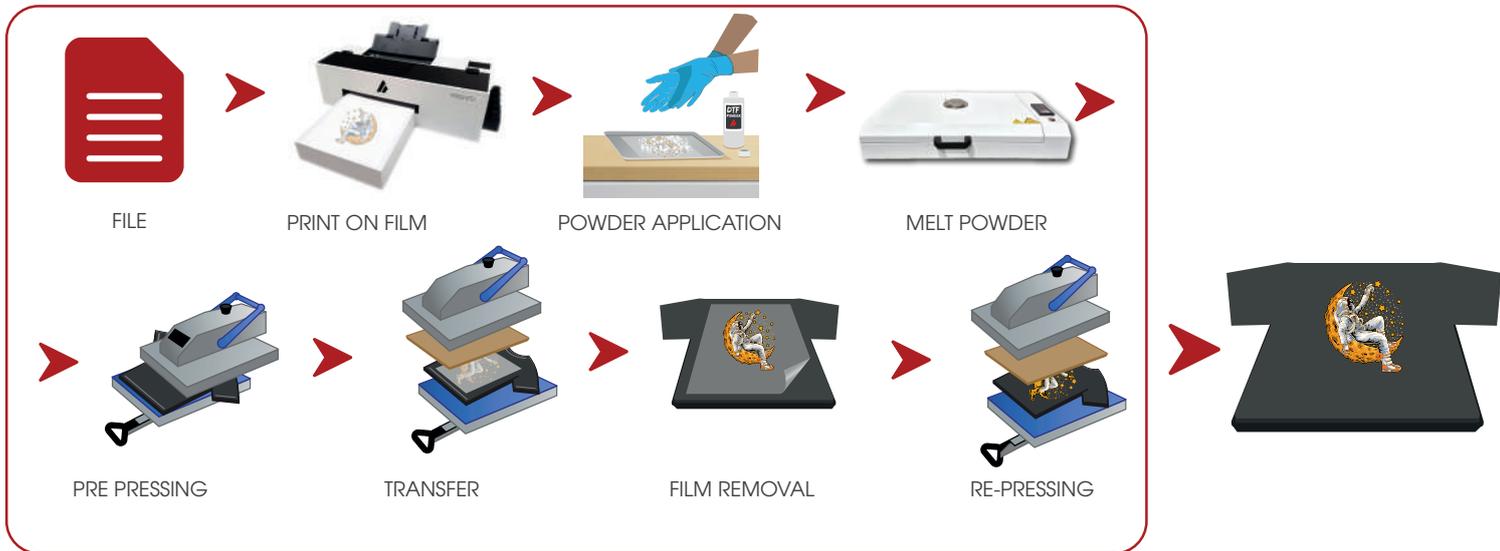

COST EFFECTIVE, LOW MAINTENANCE

Azon PRONTO™ is carefully designed to reduce maintenance to a minimum. With Azon RIP Software (powered by Cadlink) each print will be produced with a quality that surpasses the competition, but still every aspect of the print will be optimized in order to make it cost-effective.

- Low Maintenance
- Super low power consumption
- Advanced ink system maintenance (head cleaning and recirculation of the white ink)
- Lower print cost
- Plug & play

DIRECT TO FILM (DTF) PRINTING PROCESS

The Direct-to-Film (DTF) process involves printing a digital design onto a special film, applying and melting adhesive powder, then heat-pressing the film onto a pre-pressed garment. After peeling the film, a final press ensures durability and a smooth finish.

AZON DTF INKS

Azon DTF inks are specially developed to ensure vivid colors and maximum fastness across a wide range of textiles and beyond.

- Highest health standards
- Vivid colors
- Oeko-Tex

INK SYSTEM & CIRCULATION

Handling the inks has never been easier. It is fast, clean and simple. Azon's continuous supply system allows the printer to be refilled during operation which translates to zero time loss during the refill

- 500 ml bulks
- Built-in white ink circulation

WIDE RANGE OF PRINTING SUPPLIES

Azon PRONTO™ supports a wide range of CE-certified supplies, including white and black powder and DTF transfer films (hot & instant peel) in various formats.
